People in many parts of the world have gotten sick because coronavirus spreads easily from person to person.

It can also spread when people touch something the virus has been on, like hands or door handles. This is why you might see people wearing masks and gowns.

# STAYING HEALTHY

Cough & sneeze into your elbow.

Use tissue.

Throw tissue in the trash.

Do not cough into the air.

Stay home if you feel sick or have a fever.

Wash your hands often.

## DO NOT FORGET

Healthy habits keep germs away!
